2.1 Version 3.3.0

Released: September 2022

New features

Support is included for logging operations from other add-ons.

Changes in Functionality

This release contains no changes in functionality.

Changes to third-party libraries

This release contains the following changes to third-party libraries:

- The JQuery UI library was updated to version 1.13.2.

Closed Issues

[COMM-191] There are deployment issues with WebLogic Server.

Known Issues

This release contains no known issues.

2.2 Version 3.2.1

Released: July 2022

New features

This release contains no new features.

Changes in Functionality

This release was updated to ensure compatibility between add-ons in the Add-on's Bundle version 5.4.1.

Changes to third-party libraries

This release contains no changes to third-party libraries.

Closed Issues

This release contains no closed issues.

Known Issues

This release contains no known issues.

2.3 **Version 3.2.0**

Released: June 2022

New features

This release contains no new features.

Changes in Functionality

This was updated to ensure compatibility between add-ons Add-on's Bundle version 5.4.0.

Changes to third-party libraries

This release contains no changes to third-party libraries.

Closed Issues

This release contains no closed issues.

Known Issues

This release contains no known issues.

2.4 **Version 3.1.4**

Released: May 2022

New features

This release contains no new features.

Changes in Functionality

This release contains no functionality changes.

Changes to third-party libraries

The Spring framework was updated to version 5.2.22.

Closed Issues

This release contains no closed issues.

Known Issues

This release contains no known issues.

2.5 **Version 3.1.3**

Released: April 2022

New features

This release contains no new features.

Changes in Functionality

This release contains no functionality changes.

Changes to third-party libraries

The Spring framework was updated to version 5.2.20.

Closed Issues

This release contains no closed issues.

Known Issues

This release contains no known issues.

2.6 **Version 3.1.2**

Released: March 2022

New features

This release contains no new features.

Changes in Functionality

This release contains no functionality changes.

Changes to third-party libraries

This release contains the following changes to third-party libraries:

- The jQuery library was updated to version 3.6.0.
- The jQuery UI library was updated to version 1.13.1.

- The Spring framework was updated to version 5.2.19.

Closed Issues

This release contains no closed issues.

Known Issues

This release contains no known issues.

2.7 **Version 3.1.1**

Released: November 2021

New features

This release contains no new features.

Changes in Functionality

This release contains no functionality changes.

Changes to third-party libraries

The jQuery UI library was upgraded to version 1.13.0.

Closed Issues

This release contains no closed issues.

Known Issues

This release contains no known issues.

2.8 **Version 3.1.0**

Released: July 2021

New features

This release contains no new features.

Changes in Functionality

This release contains no functionality changes.

Changes to third-party libraries

The Spring framework was upgraded to version 5.2.15.

Closed Issues

This release contains no closed issues.

Known Issues

This release contains no known issues.

2.9 **Version 3.0.0**

Released: March 2021

Featured update

The add-on has been updated to ensure compatibility with the TIBCO EBX® 6.0.0 release.

2.10 **Release Note 2.1.12**

Release Date: March 2021
