2.1 Version 2.1.26

New features

The Servlet version was updated to 3.1.

Changes in Functionality

This release contains no changes in functionality.

Changes to third-party libraries

The Spring Web MVC framework was updated to version 5.3.39.

Closed issues

This release contains no closed issues.

Known issues

This release contains no known issues.

2.2 Version 2.1.25

New features

This release contains no new features.

Changes in Functionality

This release contains no changes in functionality.

Changes to third-party libraries

The Spring Framework was updated to version 5.3.32.

Closed issues

This release contains no closed issues.

Known issues

This release contains no known issues.

2.3 Version 2.1.24

New features

This release was updated to ensure compatibility with the TIBCO EBX® Add-ons Bundle version 4.5.20.

Changes in Functionality

This release contains no changes in functionality.

Changes to third-party libraries

The Rhino Engine library was updated to version 1.7.14.

Closed issues

This release contains no closed issues.

Known issues

This release contains no known issues.

2.4 Version 2.1.23

Release Date: September 2023

New features

This release was updated to ensure compatibility with the TIBCO EBX® Add-ons Bundle version 4.5.19.

Changes in Functionality

This release contains no changes in functionality.

Changes to third-party libraries

This release contains no changes to third-party libraries.

Closed issues

This release contains no closed issues.

Known issues

This release contains no known issues.

2.5 Version 2.1.22

Release Date: July 2023

New features

This release was updated to ensure compatibility with the TIBCO EBX® Add-ons Bundle version 4.5.18.

Changes in Functionality

This release contains no changes in functionality.

Changes to third-party libraries

This release contains no changes to third-party libraries.

Closed issues

This release contains no closed issues.

Known issues

This release contains no known issues.

2.6 Version 2.1.21

Release Date: April 2023

New features

This release was updated to ensure compatibility with the TIBCO EBX® Add-ons Bundle version 4.5.17.

Changes in Functionality

This release contains no changes in functionality.

Changes to third-party libraries

This release contains no changes to third-party libraries.

Closed issues

This release contains no closed issues.

Known issues

This release contains no known issues.

2.7 Version 2.1.20

Release Date: October 2022

New features

This release was updated to ensure compatibility between add-ons.

Changes in Functionality

This release contains no changes in functionality.

Changes to third-party libraries

This release contains no changes to third-party libraries.

Closed issues

This release contains no closed issues.

Known issues

This release contains no known issues.

2.8 Version 2.1.19

Release Date: August 2022

New features

This release contains no new features.

Changes in Functionality

This release contains no changes in functionality.

Changes to third-party libraries

The jQuery UI library was updated to version 1.13.2.

Closed issues

This release contains no closed issues.

Known issues

This release contains no known issues.

2.9 Version 2.1.18

Release Date: May 2022

New features

This release contains no new features.

Changes in Functionality

This release contains no changes in functionality.

Changes to third-party libraries

This release contains the following changes to third-party libraries:

- The Spring Framework was updated to version 5.2.22.

Closed issues

This release contains no closed issues.

Known issues

This release contains no known issues.

2.10 Version 2.1.17

Release Date: April 2022

New features

This release contains no new features.

Changes in Functionality

This release contains no changes in functionality.

Changes to third-party libraries

This release contains the following changes to third-party libraries:

- The Spring Framework was updated to version 5.2.20.

- The FasterXML/jackson-databind library was updated to version 2.13.2.1.

Closed issues

This release contains no closed issues.

Known issues

This release contains no known issues.

2.11 Version 2.1.16

Release Date: March 2022

New features

This release contains no new features.

Changes in Functionality

This release contains no changes in functionality.

Changes to third-party libraries

This release contains the following changes to third-party libraries:

- The Spring Framework was updated to version 5.2.19.
- The jQuery UI library was updated to version 1.13.1.
- The jQuery library was updated to version 3.6.0.

Closed issues

This release contains no closed issues.

Known issues

This release contains no known issues.

2.12 Version 2.1.15

Release Date: December 2021

Updates

This release contains the following updates:

- The Spring Framework was updated to version 5.2.15.
- The jQuery UI library was updated to version 1.13.0.

2.13 Version 2.1.14

Release Date: June 2021

Updates

Spring Data was removed from ui-framework-dependencies.jar.

2.14 Version 2.1.13

Release Date: May 2021

Updates

The Underscore.js library was updated to version 1.13.1.

2.15 Release Note 2.1.12

Release Date: March 2021

Updates

An update was applied to correct an issue with the Apache Standard Taglibs library.

2.16 Release Note 2.1.11

Release Date: February 2021

Bug fixes

This release includes support for bug fixes in the TIBCO EBX® (version 5.9.13).

2.17 Release Note 2.1.10

Release Date: January 2021

Featured updates

This release contains the following library updates:

- Apache Standard Taglibs library to version 1.2.3.
- Spring framework library to version 5.2.9.
- Jackson Databind library to version 2.11.2.
